Science has developed something infinitely better than the old-style wrap or clamp.

"PITTSBURGH PERFECT" FENCES ARE WELDED BY ELECTRICITY.

This is the modern method of construction. Years of life are added through the elimination of serious fence defects.

A WRAP holds moisture, cracks the galvanizing and allows the water to attack the bare wire. A small amount of displaced galvanizing on "PITTSBURGH PERFECT" REINFORCED THE PROTECTION AGAINST RUST AT THE ELECTRICALLY WELDED JOINT. EXAMINE THE JOINT. STAYS CANNOT SLIP. They are always just where they were put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

Every Rod is Guaranteed Perfect.

Don't allow your prejudice in favor of the rapidly declining and now antiquated methods you have heretofore known, to warp your good judgment.

"PITTSBURGH PERFECT" FENCES REPRESENT PROGRESS, because hundreds of thousands of dollars worth of standard material is daily welded by electricity.

The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded product.

If your wagon was made in a large factory, its tires were welded by electricity. They are stronger, more perfectly adjustable to uneven ground. They are always just where they were put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

Could you ask any more definite protection? Your complete satisfaction is absolutely guaranteed.

Lone Tree Cullings.

Nov. 19.

As this space has been vacant for quite a while, I will try to drop in again with a few items:

Miss Annie Thompson celebrated her fifth birthday Saturday by inviting a host of her friends to spend the evening with her. Mrs. Thompson provided many pleasing amusements for them, after which they were ushered into the dining room to eat the birthday cake. Delightful refreshments were served.

Miss Agnes Till returned Sunday from West Point where she has been visiting friends and relatives for four months. Prof. H. H. Jansen spent Saturday in Yoakum.

Quite a crowd from this community went to San Antonio where they will attend the Fair for several days.

Miss Ella Poth visited Miss Fannie Konecny last Sunday and had a fine time.

Mr. and Mrs. V. Jiral of Lone Tree were visiting at Yoakum last Sunday.

Mr. Frank Mikulik of Chicago, brother of Joe Mikulik, is here. Frank is engaged in the moving picture business. We wish him success in his new venture.

Last Monday, Nov. 14, at the Catholic church at Shiner, Rev. Joseph Hudecek united in marriage Mr. Felix Konecny and Miss Ludmila Ernis. Both the groom and bride were reared near Shiner, and each has a large circle of friends who join in the good wishes. After the ceremony this young couple and relatives repaired to the home of the bride's parents, Mr. and Mrs. Joe Ernis, Sr., where a sumptuous dinner was served, after which merry making was indulged in until the night. Mr. and Mrs. Felix Konecny declined to say where they would spend their honeymoon, but left here for Waco. May they have smooth sailing over the matrimonial sea.

Mr. Chas. Lohse and Miss Delta Moesmeyer surprised their friends by getting married last Tuesday. We wish them a long and happy journey through life.

A news is scarce I will bid adieu to the Gazette and the many readers of mine. Rose
